Re-Laneway Ownership

To the Attention of Council:

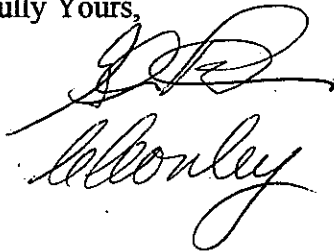

Futher to our correspondence with the Road Superintendent and a council member, we have been advised to submit a letter requesting clarification of ownership of the laneway bounded by the west half of Lot 14, Conc. 1/ Old Survey-PIN # 341269 {LT} and PIN # 34126-0090 {LT}.

Our first requirement is to clarify the ownership of said roadway to which liability and maintenance are in question. According to our property survey, an easement was given to develop a road that now goes from the River Road to what is now Fieldway Court. This road has deteriorated to the point that only a passenger vehicle can traverse it, negating Fire Protection, Ambulance Service or any large conveyance vehicles.

If this is declared a township road, then we feel it should be brought up to standards for the standard emergency services identified. However, if it is deemed not to be a township road, then we would like to close and gate it as a private drive. The latter of which should address the regular occurance of trespassers, in particular, driving All Terrain Vehicles.

We hope you will be able to give us the Township's definitive identification of this matter as soon as possible.

Respectfully Yours,

Handwritten signature in black ink, appearing to be 'GAP' over 'Conley'.
