

NOTICE OF REA APPLICATION AND EBR POSTING for the Dufferin Wind Power Project

Project Name: Dufferin Wind Power Project

Project Location: Melancthon, Shelburne, and Amaranth, Dufferin County, Ontario

Dated at: The County of Dufferin, this 27th day of December, 2012.

Dufferin Wind Power Inc. is planning to engage in a renewable energy project in respect of which the issuance of a renewable energy approval is required. The proposal to engage in the project and the project itself is subject to the provisions of the Environment Protection Act (ACT) Part V.0.1 and Ontario Regulation 359/09 (Regulation).

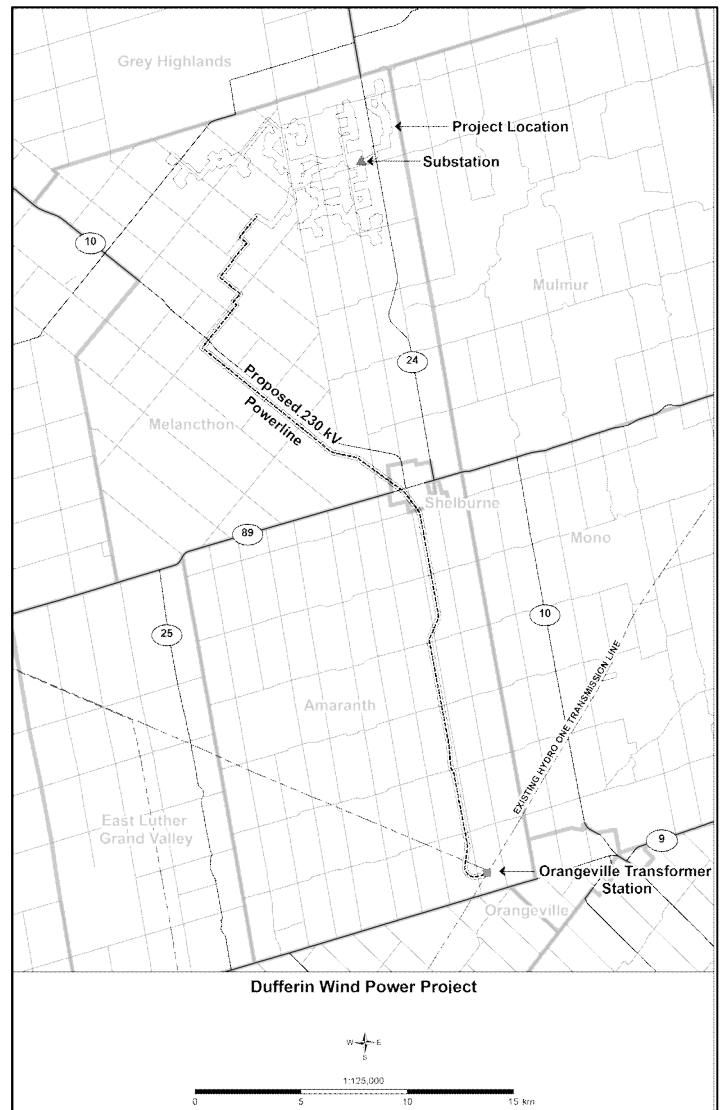

Project Description:

Pursuant to the Act and Regulation, the facility, in respect of which this project is to be engaged in, is a wind energy project and is rated as a Class 4 Wind Facility. If approved, the proposed wind farm project would have a total name plate capacity of 99.1 MW. The wind farm is to be located entirely in the Township of Melancthon. The proposed 230kV power line route to connect the project to the Provincial grid would pass through the Township of Melancthon, Town of Shelburne and the Township of Amaranth to connect into the Orangeville Transformer Station, located in the Township of Amaranth (through a switch station to be located adjacent to the Orangeville TS). The alternate proposed dual 69kV power line that would pass through the Township of Mulmur and the Town of Mono has been withdrawn from the REA Application. DWP is no longer seeking REA approval for the 69 kV power line.

The final REA reports, prepared as part of the submission of a renewable energy application to the MOE for this project, have now been posted on the proponent's website: www.dufferinwindpower.ca.

The REA documents can also be viewed at the following municipal offices: Township of Melancthon, Township of Amaranth and the Town of Shelburne. The final Reports can also be viewed at the Dufferin Wind Power Project Office located at #2 - 219 First Avenue East, Shelburne.

The distribution of this notice as well as the project itself, are subject to the provisions of the Environmental Protection Act (Act) Part V.0.1 and Ontario Regulation 359/09 (Regulation). This notice is being distributed in accordance with subsections 15.2 (1) and (2) of the Regulation after an application for a Renewable Energy Approval has been submitted and assessed for completeness by the Ministry of the Environment and has been posted on the Environmental Registry for public review. The public has a 45 day review period and must submit comments before February 10th, 2013.
