

## **Dufferin Wind Power OEB Information and Update**

Dufferin Wind Power Inc. has filed a Leave to Construct Application with the Ontario Energy Board for its 230kV power line. The Application and the OEN Notice of Application and Hearing can be downloaded below.

The Ontario Energy Board has issued a Notice of Application and Hearing, which includes a concise description of the power line project, the role of the OEB in considering the application, where the application can be seen, as well as the various means by which interested persons may receive further information, provide comments or become involved in the leave to construct hearing. As described in the Notice of Application and Hearing, the OEB has established the following timelines:

If a party wishes to object to the application proceeding by way of a written hearing, those submissions must be filed with the OEB and a copy provided to Dufferin Wind Power Inc. within 10 days of October 25, 2012. As the 10th day falls on a weekend, the last day to file such submissions will be on November 5, 2012 at 4:45 pm.

If a party wishes to file a written letter of comment with the OEB, such letter must be filed within 30 days of October 25, 2012. As the 30th day falls on a weekend, the last day to file such letter will be on November 26, 2012 at 4:45 pm.

If a party wishes to request observer status in order to receive documents issued by the Board in the proceeding, such observer request letter must be filed within 10 days of October 25, 2012. As the 10th day falls on a weekend, the last day to file such a letter will be on November 5, 2012 at 4:45 pm.

If a party wishes to actively participate as an intervenor in the leave to construct proceeding, such intervenor request letter must be filed within 10 days of October 25, 2012. As the 10th day falls on a weekend, the last day to file such a letter will be on November 5, 2012 at 4:45 pm.

Please refer to the OEB's Notice of Application and Hearing for further details concerning the requirements and process related to each of the above forms of participation. In addition, a copy of Dufferin Wind Power Inc.'s complete Application for Leave to Construct is available.
