Strada Aggregates
Part of West Half of Lots 12 and 14, Concession 3 O.S., Geographic Township of Melancthon
Township of Melancthon, County of Dufferin**

Dear Mr. Horan,

Please be advised that this Ministry has reviewed the application form, summary statement and technical reports received on May 30, 2017 as well as the revised site plans received on June 5, 2017 for the application noted above. At this time, the Ministry of Natural Resources and Forestry deems your application to be complete and approval to proceed to the 45day Notification and Consultation stage is granted.

The District Planner in the Midhurst office, Kim Benner (Ph: 705-725-7534), will coordinate the internal review for the Ministry of Natural Resources and Forestry. Please provide Kim with 1 complete application package. We also request that you provide Kim with one copy of the package digitally.

Prior to circulation, this Ministry requires confirmation of the first and last day of the 45 day notification period and a complete list of the review agencies to be circulated. We would also appreciate receiving copies of Form 1 and 2 as soon as those dates have been determined to ensure they meet the requirements of the Provincial Standards, and to follow for the preparation of the required Environmental Registry (ER) posting to be prepared in attempt to coordinate the comment periods for the ER and the Aggregate Resources Act.

Please also provide the Ministry with a copy of the tear sheet (Notice of application in the newspaper) and a photo of the sign posted at the site as they become available.

Should you require any further information concerning this matter, please contact the undersigned at this office.

Sincerely,

A handwritten signature in cursive script that reads "S. Richardson".

Seana Richardson
