I wish to respond to your email to councilor Mercer.

You referred to my comments about open and transparent meetings. Let me assure you that all Task Force and Council meetings are open and transparent. In your email there seems to be a misconception that the "task force secretary" has some official recording. If you had followed the work of the Task Force you would know there is no secretary or staff level support for this committee.

You have also referred to information from residents that is included in the council agenda package. This is freely available to the public on the township website. Please feel free to download and read it.

Thirdly you would like to understand my comments about the Detachment Commander not attending meetings outside of the PSB process. I am puzzled why you are looking to me for clarification of his statements. He made them at a public council meeting and again at a joint PSB meeting subsequent to the council meeting according to an online blog. I am totally mystified why you didn't seek clarification at that time.

In closing I would like to say that your email has left me with very serious concerns as to the functioning of our PSB. I believe at this time we need to take a serious look at our PSB and the appointments made to it. I will request that it be put on a future council agenda.

I trust this clarifies matters for you.

Councilor

Good morning Ms Mercer

I trust your weekend so far has been enjoyable, albeit windy

In regard to the PSB

Unlike larger municipalities or those that have their own police force, such as Toronto or Peel, a section 10 board is created to provide input and feed back in regard to the local OPP detachment

Per the Act

The Board's role under Section 10(9) of the Police Services Act are as follows:

If one or more municipalities enters into an agreement under this section, the board or joint board shall advise the Ontario Provincial Police detachment commander assigned to the municipality or municipalities, or his or her designate, with respect to police services in the municipality or municipalities and shall,

- (a) participate in the selection of the detachment commander of the detachment assigned to the municipality or municipalities;
- (b) generally determine objectives and priorities for police services, after consultation with the detachment commander or his or her designate;
- (c) establish, after consultation with the detachment commander or his or her designate, any local policies with respect to police services (but the board or joint board shall not establish provincial policies of the Ontario Provincial Police with respect to police services);
- (d) monitor the performance of the detachment commander;
- (e) receive regular reports from the detachment commander or his or her designate on disclosures and decisions made under section 49 (secondary activities);
- (f) review the detachment commander's administration of the complaints system under Part V and receive regular reports from the detachment commander or his or her designate on his or her administration of the complaints system.

As a Board we cannot demand or control the policing in our Township, we do though however provide direction and feedback in regard to needs or actions.

The PSB meetings are where the board and the public have a forum to discuss issues within the Township, such as the traffic and speed complaints. The result is now the Traffic Unit which has already seen triple the number of recorded offences than prior.

In regard to complaints made at council, the direction would be for these to be formally presented to the PSB either in person or as a written note. That way they are entered in the minutes and there is a record for follow up.

The need to continue conversation and information sharing is the way to ensure transparency.

Thank you

We will talk soon

Hi Al,

Thanks for reaching out.

I'll start by clarifying some misunderstandings that were expressed in your email.

First of all, the task force does not have a secretary. We have no staff assistance with this at all.

Secondly, the task force was my idea.

I brought the motion to council to create the task force because we have a road safety issue in the township.

The public consultation was also my idea.

Taping portions of the meetings was my idea too! We do not tape council meetings so taping was something I decided on. The tapes actually belonged to me as they resided on my personal laptop. Plus since the last meeting, the tapes have been transcribed and deleted. Please be aware though, that information from the consultations will be reported verbatim in the report.

I also anticipate more comments will be forthcoming in the next weeks.

While I'm truly flattered and pleased that you have embraced the ideas that I have brought to council, your email suggests there may be a role for me on the Police Services Board.

I could provide a liaison and/or community outreach if the PSB is having problems engaging the public and getting similar feedback.

I actually understood the job of the PSB to be exactly what the task force is doing but have been told repeatedly by Mayor White at council that the PSB is only a public relations exercise.

In fact, at least one of the members of the public who spoke during the public consultations, has already attended council and made similar comments there. She attended the task force and simply echoed her earlier comments from council.

Obviously the mayor didn't bring those comments to the PSB which is unfortunate as he is the township's rep on that committee. If the PSB is a serious entity, you might want to communicate that to the mayor. A conversation with the Solicitor General's office might be the best idea though as the community mostly appeared surprised to know a PSB even exists.

Since the mayor did not pass on the resident's comments, I'm prepared to assist: Would you like me to contact the resident and ask if she's okay speaking directly with you? She may be very happy to discuss the problems she mentioned with the chair of the PSB. In fact from a public relations standpoint, it might help you.

Again, I'm pleased with your interest and ask for your patience while we piece this information together in a manner that will be quite transparent, public and effective.

It does sound though, as if you need a little assistance, and I'm willing to provide some guidance in that respect.

Let me know!

Subject: Re: comments from last evening.

Good afternoon, Councilor Mercer
I trust all is well for you and your family.

I am dismayed at the response at Council for the request of a transcript / recording of the Task Force meetings. There were comments made that I would like to address with our current Detachment Commander, however I would like to ensure I have the context of those comments.
including an officer not responding " due to contract" and that the OPP had refused to attend the Task Force meetings.

per Councilor Hannon's comment within this email chain, .
all Board and Council meetings are a part of public record and as such, should be accessible by all members of the public.

If there is an issue in regard to retrieving, I am certain that the TF secretary would be able to pull these from the Zoom record.

As this is a timely issue, I would like to meet with the OPP to discuss while it is still pertinent.

thank you for your assistance in this request

Thank you.

Appreciate the follow up.

This resident has attended council previously and mentioned her complaint to us.
It is not new information.

How do we proceed Mr. Blundell?

Note to Detachment Commanders:

- The content of each report is to be shared by the Detachment Commander only with the municipality for which it was generated. The municipality may treat this as a public document and distribute it as they wish.
- All data is sourced from the Niche RMS application. Included are 'reported' occurrences (actuals and unfounded occurrences) for 'billable' occurrences ONLY. Data is refreshed on a weekly basis.
- The Traffic category includes motor vehicle collision (MVC) occurrences entered into Niche (UCR code 8521). MVCs are NOT sourced from the eCRS application for this report.
- Only the primary violation is counted within an occurrence.
- Time standards displayed are for the 2021 billing period.

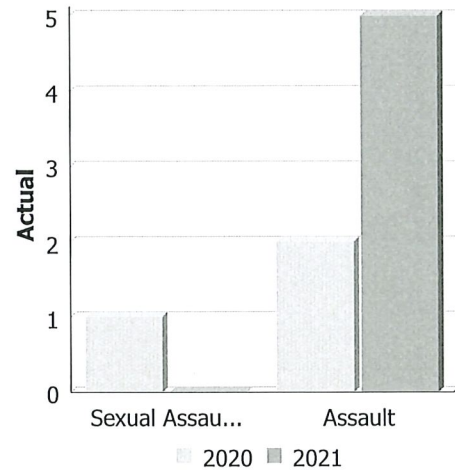

Note to Municipalities:

- Data contained within this report is dynamic in nature and numbers will change over time as the Ontario Provincial Police continues to investigate and solve crime.
- This report is NOT to be used for crime trend analysis as not all occurrences are included.
- Data groupings within this report do not match traditional crime groupings seen in other public reports such as the OPP Police Services Board reports or Statistics Canada reporting.

DUFFERIN OPP IS PROUD OF OUR MOVEMBER TEAM

(ORANGEVILLE, ON) - Members of the Dufferin Detachment of the Ontario Provincial Police (OPP) participated in the annual Movember fundraising campaign. Our Dufferin team raised \$3,490 in support of men's health and suicide prevention.

Dufferin OPP officers entered into a competition with other Central Region detachments to support of the Movember fundraising event. During the month of November members grew some very interesting moustaches to demonstrate their support for men's health. Generous donations from our Dufferin County community raised \$3,490 toward this important cause.

This charity is changing the face of Men's Health by taking on the topics of Mental Health and Suicide Prevention, Prostate Cancer and Testicular Cancer. We thank everyone who supported and donated to Team Dufferin.

We are however grateful that the moustaches are gone today and we can see your beautiful faces again.

Members of the Dufferin OPP are committed to public safety, delivering proactive and innovative policing in partnership with our communities. Officers value your contribution to building safe communities. If you have information about suspected unlawful activity, please contact the OPP at 1-888-310-1122 or visit Crime Stoppers to remain anonymous at 1-800-822-8477 (TIPS) or www.crimestopperssdm.com.

UPDATE- DUFFERIN OPP KICK OFF TOYS FOR TOTS

FROM/DE: Dufferin Detachment

DATE: December 13, 2021

-UPDATE -

DUFFERIN OPP KICKS OFF TOYS FOR TO

(DUFFERIN COUNTY, ON) - The Dufferin Detachment of the Ontario Provincial Police (OPP), in partnership with the Salvation Army, completed the annual Toys For Tots three week event this past weekend.

Over the past three weekends we collected a mountain of toys, \$6827.00 in cash and \$1400.00 in gifts cards. The campaign was a huge success due to the generosity of the Dufferin County community. Donations will be distributed locally to those in need through the Salvation Army.

Thank you to Pastor Roger Barrows from the Salvation Army for allowing us to assist with this initiative. Thank you to Scott Reinhart of Scott Reinhart Trailer Sales for allowing us the use of his personal trailer to make it possible for us to collect the toys. A huge thanks to Walmart for allowing us to set up outside of their store. Most importantly, thank you to the generous souls that live in Dufferin County who donated so selflessly to such a worthy cause. Many children and teenager's lives will be touched by your generous spirit this Christmas.
