

MELANCTHON RECREATION TASK FORCE

PURPOSE

The Melancthon Recreation Task Force is to investigate, research and make recommendations to the Township of Melancthon referencing Recreation planning, opportunities, funding and the future direction for Recreation in the Township of Melancthon

MANDATE

The Melancthon Recreation Task Force will:

- 1.** review the history and data of Melancthon's "Recreation" commitment and contribution, including an understanding of the composition/makeup of the community;
- 2.** identify the current member groups, organizations and associations, governmental and non-governmental stakeholders;
- 3.** obtain information on the current composition of the Township and identify, if possible, trends that may impact the future;
- 4.** invite and provide a forum for the input of Melancthon residents on the short term and long term vision, plan, development and encouragement of Recreation in and for Melancthon, through public meetings and surveys;
- 5.** invite the input of Recreation stakeholders on data related to Melancthon users and to obtain information relating to the short term and long term plans for the Stakeholder, including suggestions as to how Melancthon might support and encourage users for Stakeholders;
- 6.** connect with other local municipalities, including the County of Dufferin, to solicit information on the development of Recreation "Plans" and strategic planning for the future for purposes of gaining insight and to the prospects for partnering;
- 7.** make recommendations to the Municipal Council for the Township of Melancthon in accordance with the Purpose of the Task Force

TIMELINE

The Melancthon Recreation Task Force understands that its creation, purpose and mandate has been by the current Municipal Council of the Township with a view to making its recommendations to the new Council of the Township in December, 2022, unless its purpose and mandate have been amended or extended by the new Council.

Received by the Council of the Township of Melancthon on August 11, 2022.
