1. Call to Order

Welcome to all in Attendance and note to the Public – this Committee meeting is being recorded and will be available on the Township website under the Boards and Committee (Infrastructure and Emergency Management Committee) section within 5 business days of the Committee meeting.

2. Land Acknowledgement

We would like to begin by acknowledging that Melancthon Township recognizes the ancestral lands and treaty territories of the Tionontati (Petun/Wyandot(te)), Haudenosaunee (Six Nations), and Anishinaabe Peoples. The Township of Melancthon resides within the lands named under the Haldimand Deed of 1784 and the Lake Simcoe-Nottawasaga Treaty (Treaty 18).

These territories upon which we live and learn, are steeped in rich Indigenous history and traditions. It is with this statement that we declare to honour and respect the past and present connection of Indigenous peoples with this land, its waterways, and resources.

Subject: RE: Horning's Mills Paved Shoulder

Morning Denise,

As discussed, please find attached Cox Construction's quotation to complete the paved shoulder work in Horning's Mills. This work can be added to your resurfacing contract with them as a Change Order.

The base price is \$70,875.57 (+HST), and we also had them include a number of provisional items, just in case we run into some unknowns on site during construction. We don't anticipate they will use these additional items, however, to be safe, maybe plan on budgeting an additional \$10k to \$15k as a contingency on top of the \$70k (plus the cost of the flexible bollards that the Township will need to order).

We find this quotation to be reasonable, and **recommend the Township proceed with Cox Construction for this work.**

As previously discussed, their quote does not include ordering/supplying the flexible bollards, it just includes installing them. Once the Township approves moving forward with this work, we recommend you place the order for the bollards ASAP to ensure they arrive in time for construction (estimated the need for 54 bollards, but would be good to order a few extra just in case).

Currently, Cox is planning to complete this work in mid to late September, but will confirm their schedule once we send over the formal approval to proceed.

Thanks and let us know if you need anything else from our end, once awarded we can work with the Township and Cox to meet on site to go over the scope, and provide part-time inspection during construction.

Chris
